UFI MESSAGE

UFI, the Global Association of the Exhibition Industry is happy to present the tenth UFI edition of this report.

Our goal is continuously to develop the geographical scope of this project and an important step was taken five years ago with the inclusion of certified data, in addition to audited data.

Due to the different levels of development and global diversity, methods may vary slightly from country to country but all the national bodies who have taken part in this study guarantee the quality of the statistics they have provided.

UFI strongly believes that auditing should, wherever possible, be done in a consistent manner to make figures comparable and audited events are identified as such in this report with the name of the auditor.

UFI continues to play an important role in developing a basic minimum standard for the industry including the publication and implementation of "UFI's Auditing Rules for UFI Approved Events". The latter are identified in the report.

If you have any questions or comments, please contact Christian Druart at chris@ufi.org.

Paris, September 2018

Kai Hattendorf

Special shows include stands, displays and demonstrations which deal with the general concept, or specific themes, of an exhibition but are independent of the exhibitors.

Exhibitors

Direct exhibitors: Exhibitors occupying their own stands who receive bills from the exhibition organiser which are settled directly. Indirect exhibitors (or firms represented): Exhibitors which do not have own stands, but present products on direct-exhibitor stands. In the case of group or collective participation, the different exhibitors are considered direct where they occupy an area of at least 9 m2. Exhibitors occupying a space of less than 9 m2 are considered indirect.

Visitors

Identified visitors: number of visitors who go into the exhibition and whose data are managed and kept by the organizer.

Other tickets: these figures include sold tickets and controlled invitations that allow the access to the exhibition and their use can be verified.

Total visitors means identified visitors plus other tickets.

Invitations (or free access): are the number of additional visits that the organizer estimates and declares without any possibility to check those figures.

ATFEO (Finland) & SFC (Sweden)

Space

The total rented space of an event refers to the area used by and paid for by the exhibitors. A distinction is made between hall space and open air space. Areas given free of charge to exhibitors are not counted.

Exhibitors

An exhibitor with his own stand (direct exhibitor) is one who has obtained a contract for an exhibition stand in its entirety, or who uses a specified, clearly delineated portion of an exhibition stand using his own personnel to promote goods or services.

A represented firm (indirect exhibitor) is one whose products or services are offered through a direct exhibitor. The number of exhibitors with their own stands may not be added to the number of represented firms, except when evident.

Visitors

The number of visitors is the sum of paid entries, invitation cards used, and other used tickets which can have been obtained by conference visitors who have had access to the trade fair grounds. A visitor who visits a trade fair over a period of many days is counted once a day. Exhibitor, press, service and personnel cards and passes are not counted.

BDO & Associados

(Portugal)

The visitor whose address is located in another European or Third country is considered as foreign visitor.

An additional visit, to be verified as made on a different day from the first visit is considered as a repeat visit.

The figures presented in the Euro Fair Statistics brochure concern the number of total visits: total number of visitors plus the total number of repeat visits.

These companies are considered as exhibitors regardless that the invoice is being issued on the exhibitor or on a collective stand organiser.
